

Consent Form

This study will endeavour to document the impact of the Covid-19 pandemic, on the Arts & Culture sector.

The investigation will seek to engage those whom are currently, or had formerly, been employed within the Arts sector, and in-so-doing, document the lived-experiences and perspectives of those individuals, working tirelessly to sustain the cultural identity of the United Kingdom, in the face of an unprecedented pandemic.

My research will seek to engage an eclectic array of interviewees in conversation, focusing on the impact of the pandemic, and how the current instability will inform the development of Speculative Futures, and shape the landscape of the Arts sector, going forward.

*If you feel that you would like to participate in the study, then you will have to fill-in the **Ethical consent form**, below.*

Please return the completed form before our scheduled interview, or with the submission of any written response, that you may provide.

Thank you.
